Overall Rating:	Proficient
Suggestions for Improvement:	Bridget was very prepared and willing to adjust her lessons based on what the children needed. She has a good professional relationship with the children and colleges. She is personable and communicates efficiently. The only reflection we visited about was using the word "yeah" at the end of a student response. We visited about how she could restate or end her thoughts for the child without using the word "yeah".
Do you believe this practicum student has the knowledge, skills, and attitude required to become an effective student teacher?	Yes
General Comments:	Bridget has been a very proficient practicum teacher in and out of the classroom. She is very prepared and organized for the day. She is always willing to help and assist students. She isn't afraid to help children and intervene or guide when necessary. She has been working in a very difficult class with multiple behaviors and learning disabilities and has shown how she is able to work with all students no matter the needs. She has wonderful ideas about classroom management, seating arrangements, and suggests them in a very professional manner. She is going to be a wonderful team player for any school that she teaches at.
